

Suaeda fruticosa maritima, figure, 168.
Swashways, how produced, 39.

T

Talus fans, how produced, 42.
Tamarisk, planted on shingle, 117, Pl. XI.
Tampico Harbour, Mexico, dispersal of shoals in advance of, 17.
— design of training walls for, 17.
Thames, River, Design of estuary walls, 14.
— origin of estuary walls, 14.
— proposed barrage at Gravesend, 15.
— recent dredging in, and its effects, 10.
— changes of level during human period, 10.
— deposit of moor log, 11.
Thymus Serpyllum, 62.
Tides, Causes of, springs and neaps, priming, 1.
— tidal wave, cotidal lines, 2.
— tidal standards, British and foreign, 2.
— — Trinity High Water, 2.
— mean tidal level, 3.
— predicting machine, 4.
— effect of winds on, 5.
— effect of varying atmospheric pressure, 5.
— tidal penetration under St. Paul's Cathedral, 11.
— tidal volume, ratio to section of L.W. channel (see Durban Harbour and Cork Harbour), 20.
— tidal flow, effects on river contours and sections, 21.
— tidal bore, examples of, Rivers Severn, Seine, and Tsien-tang-Kiang, 23, 24.
Torquay Harbour, effect of works at, 34.
Touquet, Le, dunes, 66.
— dunes planted, 82.
Toxic factors in soil, 52, 64.
Traffic, effect of, on plants, 53.
Transport of seeds, 49.
Travelling beaches, effect of *Suaeda* on, 107.
Tree, difference from herb, 48.
Tsien-tang-Kiang, bore in, 24.
Typhoons, seasons in China Sea, 6.

U

Ulva, on salt marshes, 170.
— contaminating Belfast Lough, 171.

V

Vaucheria Thuretii, mud binder, 173.
Vegetable groynes, 118.
Vegetation for mobile cliffs, 212, 213.
— function of, 44, 52.
— mechanical value of, 54.
— on shingle, 97.

W

Wales, sand dunes, 66.
Wandering dunes, 65.
— result of negligence, 70.
— fixation of, 79, 80.
Warp, origin of, 165.
Warping at Axholme, 200.
— method of, 121.
Warp land, crops on, 121.
Water in shingle beaches, 113.
Wave action, Bound Skerry, 92.
— on Chesil Bank, 91.
Waves, effects in Torquay Harbour of wave action, 34.
— types of, 36.
— effect of concussion and range of same, 38.
— wave trap, effect of, 34.
— force of impact on sea-walls, 149.
— weight of rocks cast ashore, 150.
Willow, attempt to habituate to salt water, 215.
Winds, seasons of greatest disturbance, 6.
— diagrams of average prevalence, 6.
— extreme velocity of, 6.
— relation between velocity and pressure, 7.
— prevailing wind exposure, effect of, 151.
Working models, desirable in designing plans for estuarial waters, 24, 25.

Y

Yarmouth, cause of absence of shoals, 19.

Z

Zinkstukken, 127.
Zostera, 168.
— use in dune fixation, 80.
— pioneer on soft mud, 195.
Zuider Zee, inundated, 84.
